To make:

1. Cut out each picture keeping the title and the ‘Place Here’ box where they are

2. Cut out the text at the side of the picture and paste in the "Place Here" box

3. Colour your picture

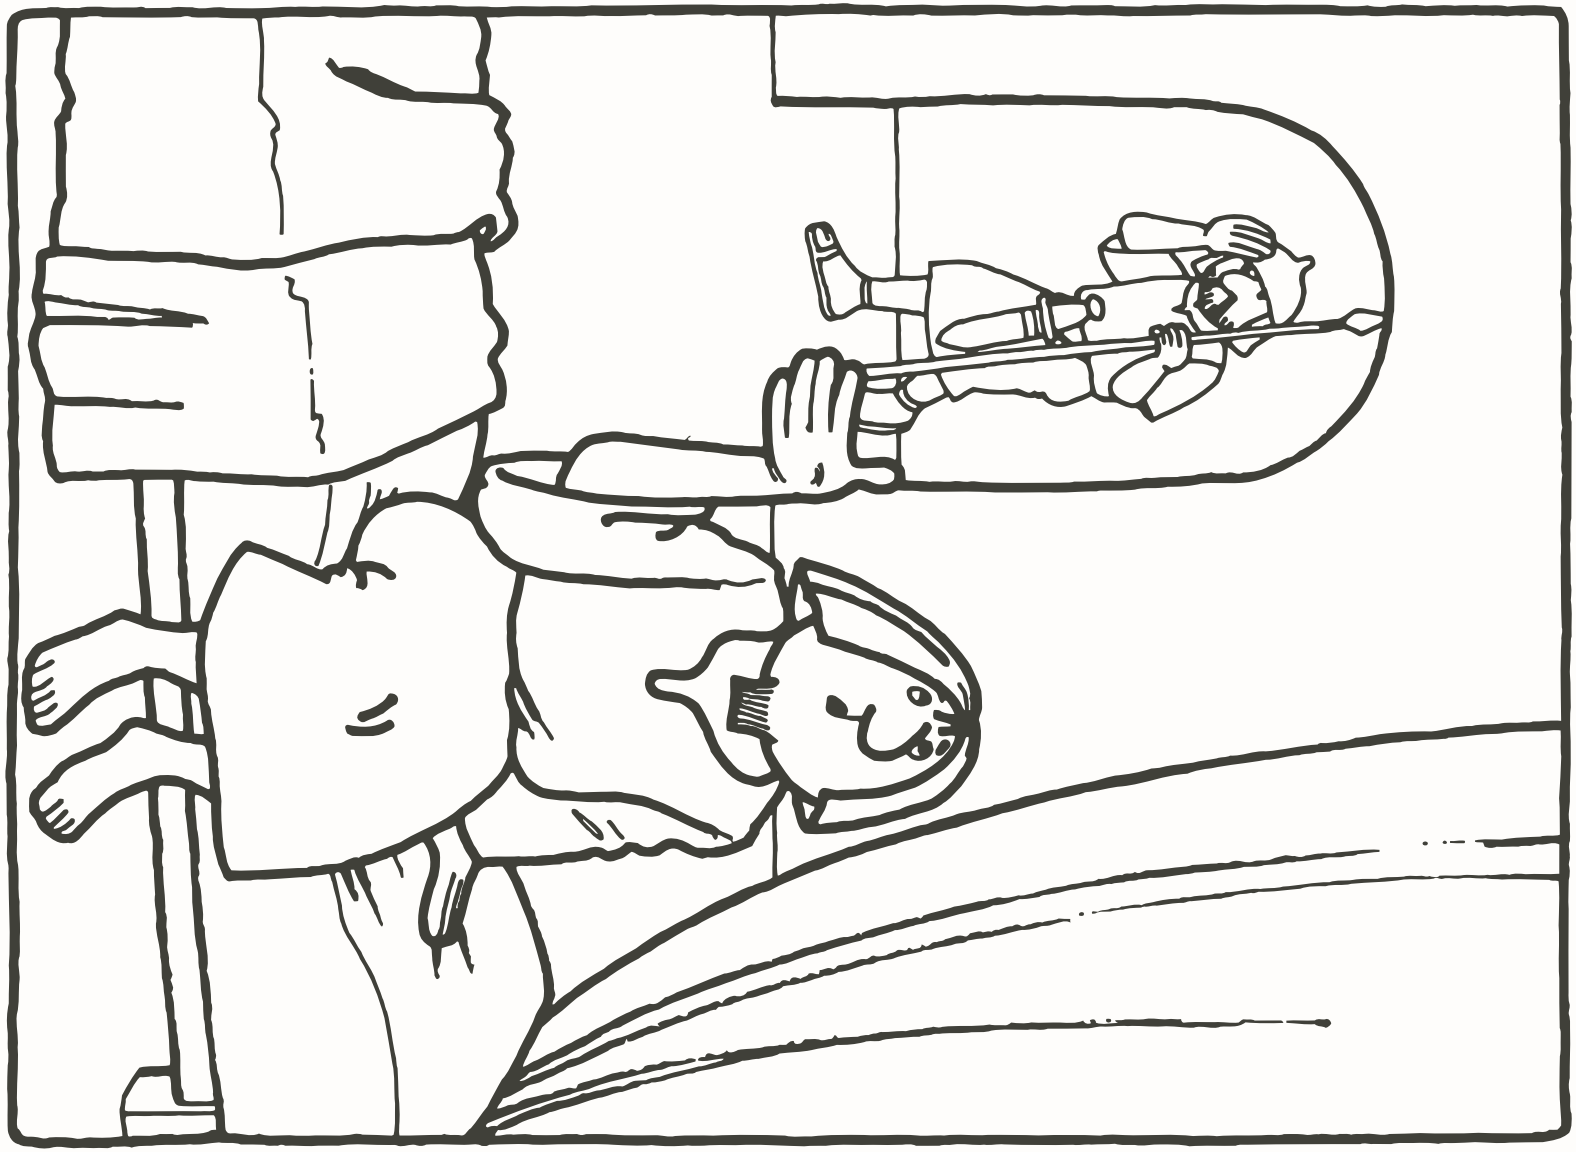
4. Now do this to the rest of the pictures in the story

5. The pictures are now to be joined together with small strips of Sellotape as hinges. Page one to the bottom edge of the cover page, Page two to the bottom edge of Page one, Page three to the bottom edge of Page two and so on until all the pictures are joined in one long strip.

6. Fold the pictures up from the bottom, using the Sellotape hinges one on top of the next until front cover is the only picture on show.

7. Hold up your strip by the top cover and let go of the pictures behind, keeping hold of the top cover. The pictures should tumble down showing a great colour story!

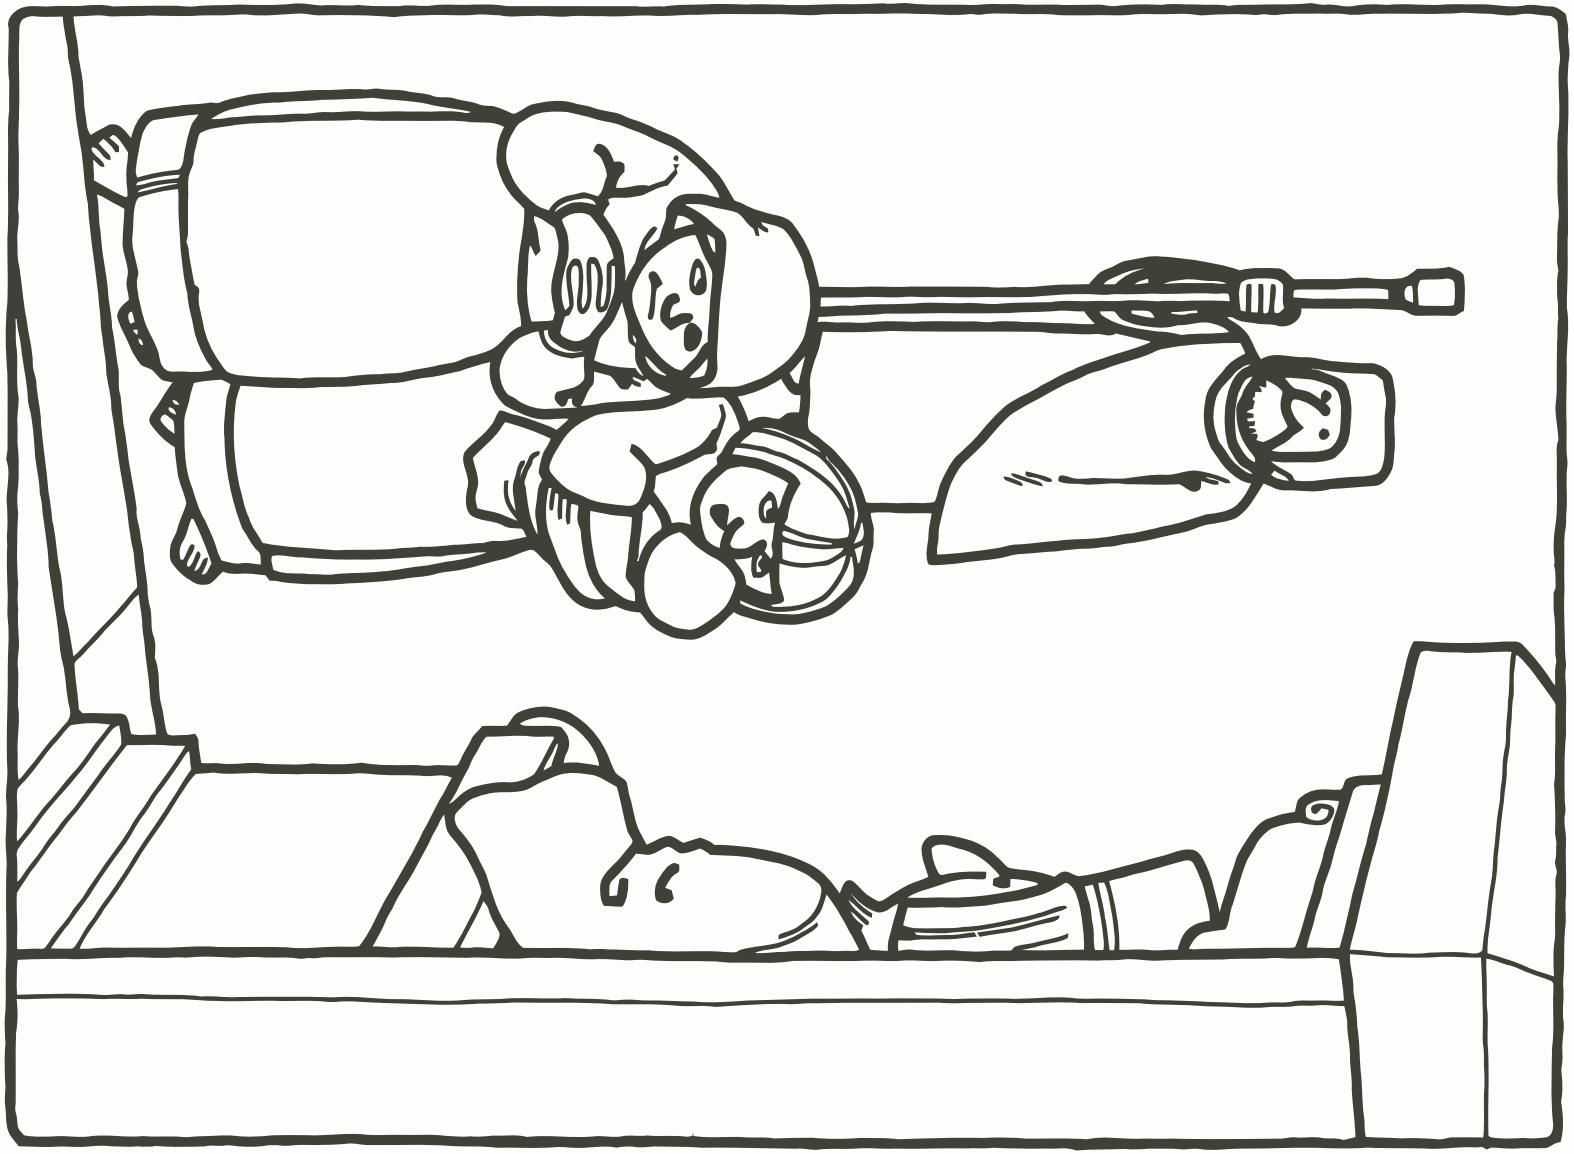
TUMBLEDOWN



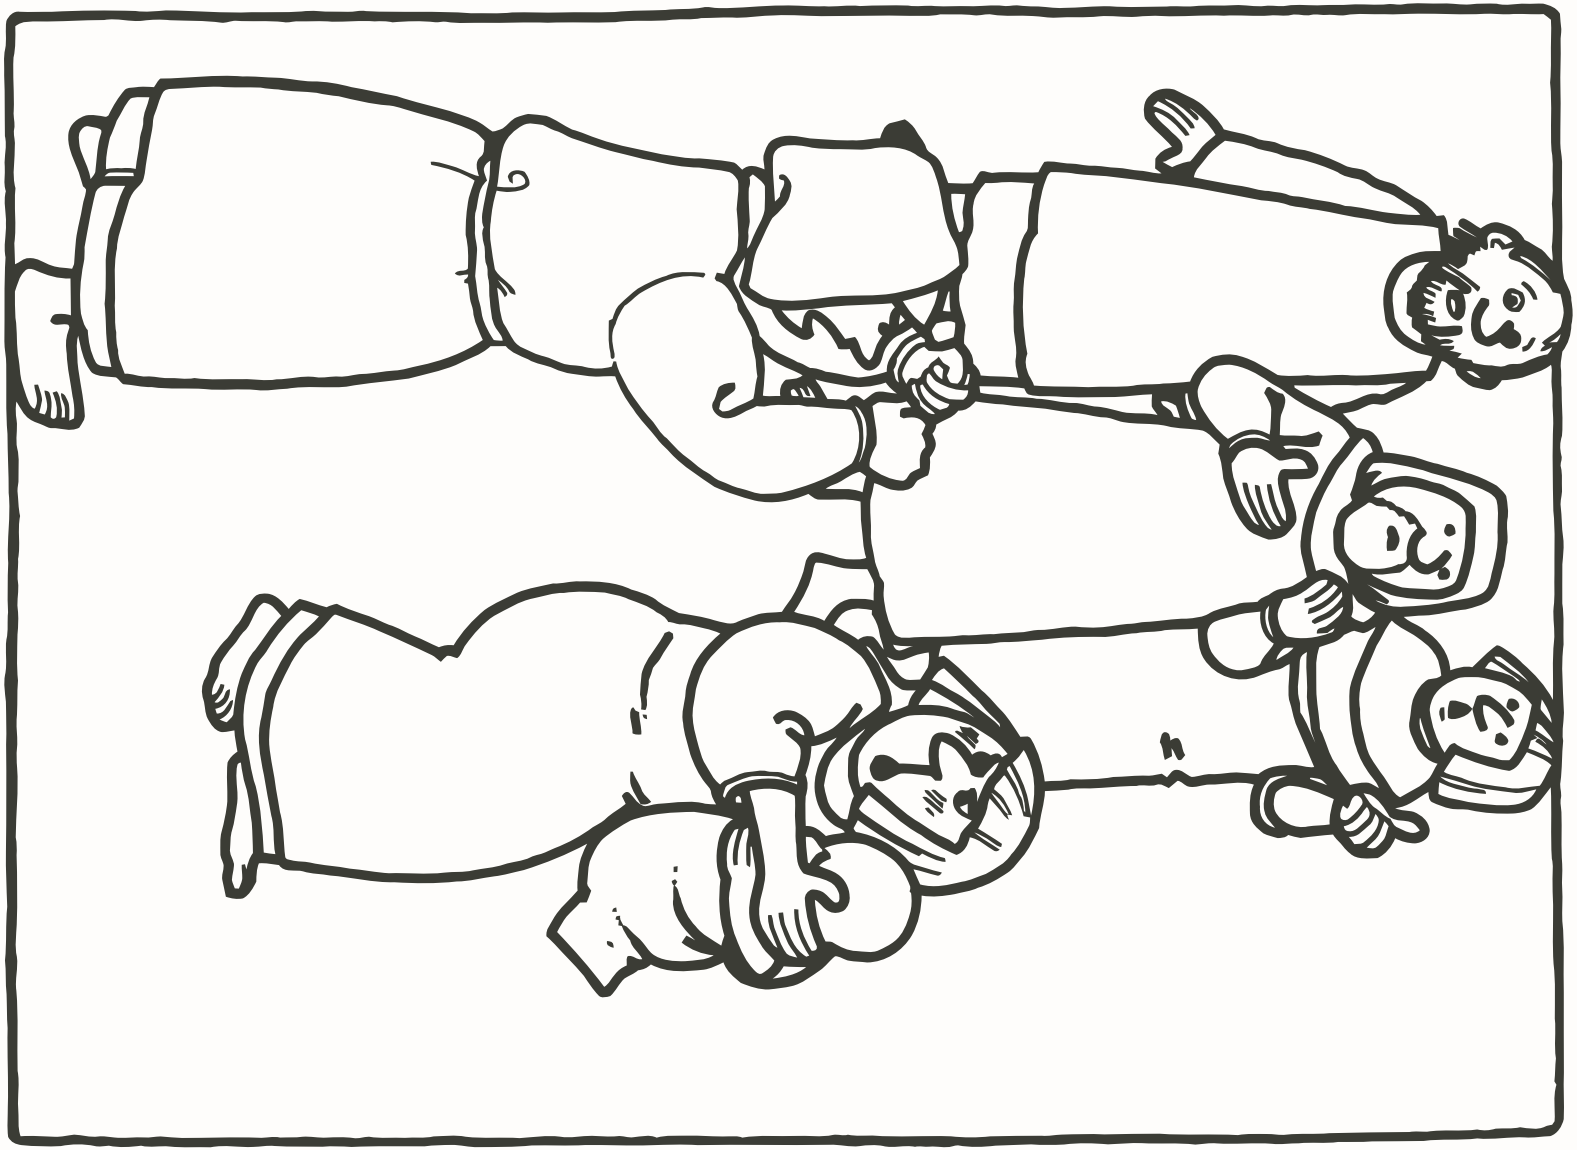
Place Here...

When Solomon was made king, one night he heard God's voice say "I will help you. What would you like me to give you?". Solomon asked for wisdom.

Place Here...



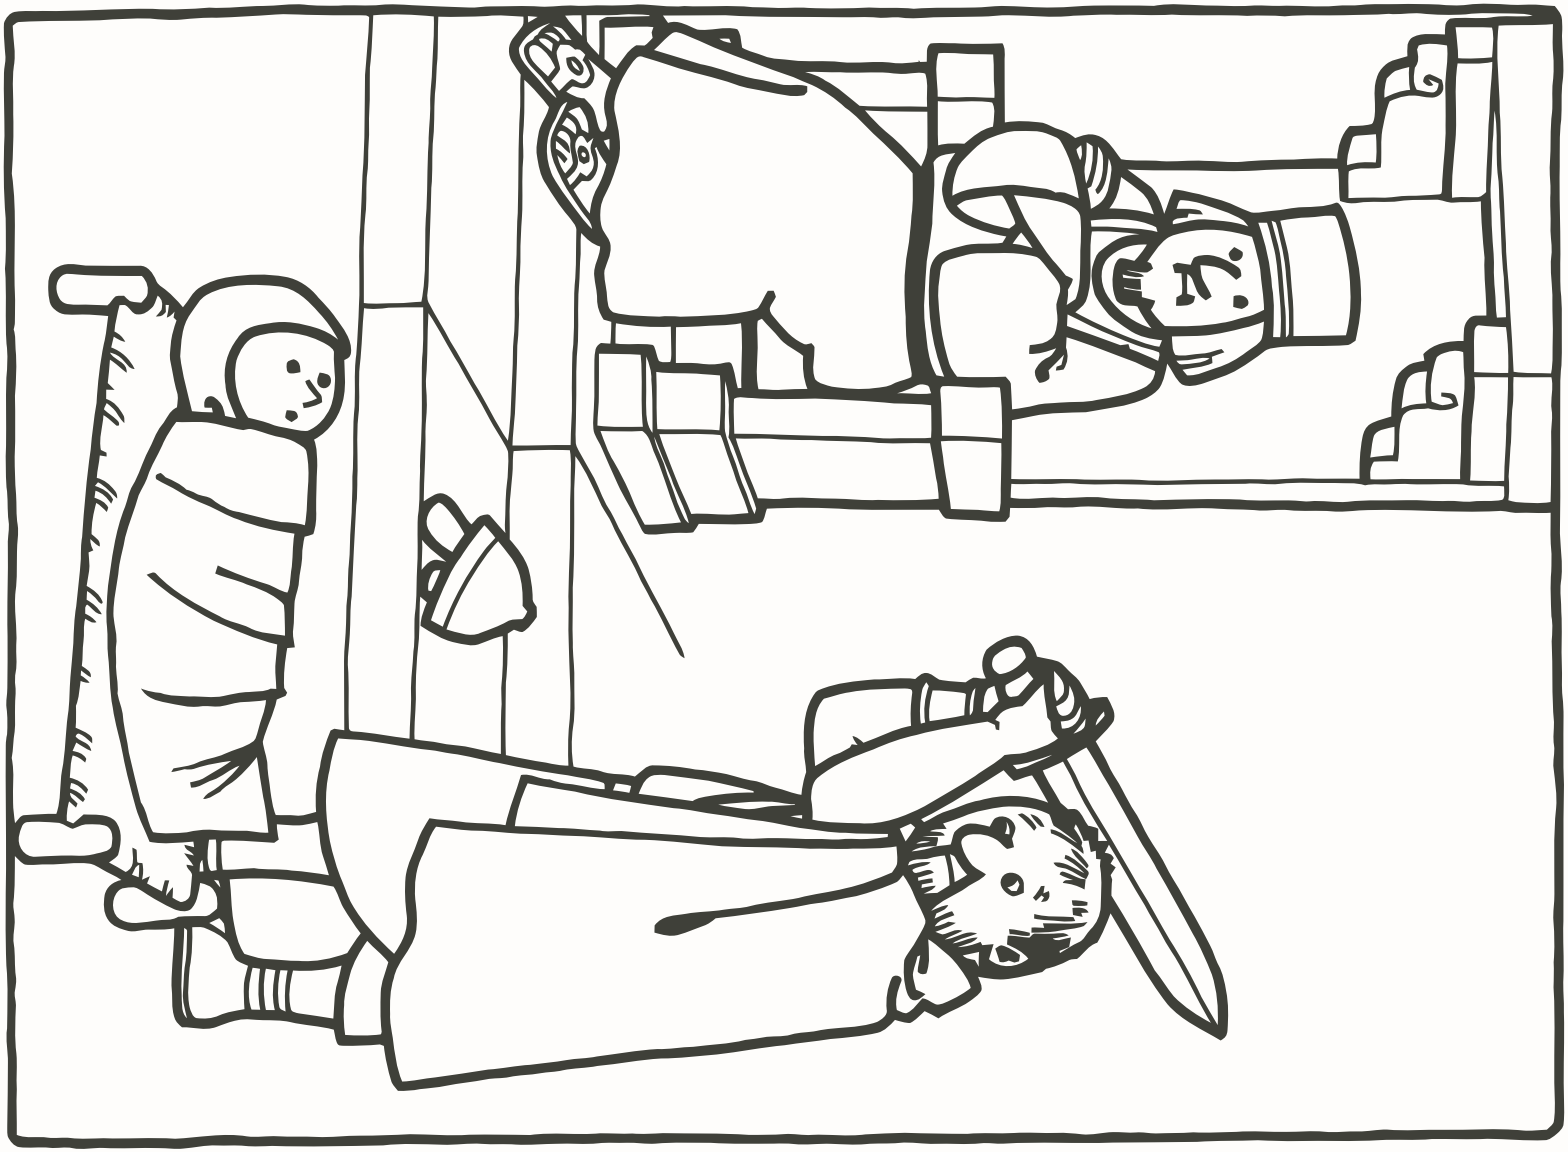
Solomon grew to be a very wise king. One day two women came with a baby. The first said, "Not long ago we both gave birth to baby boys. Hers was sick and died".



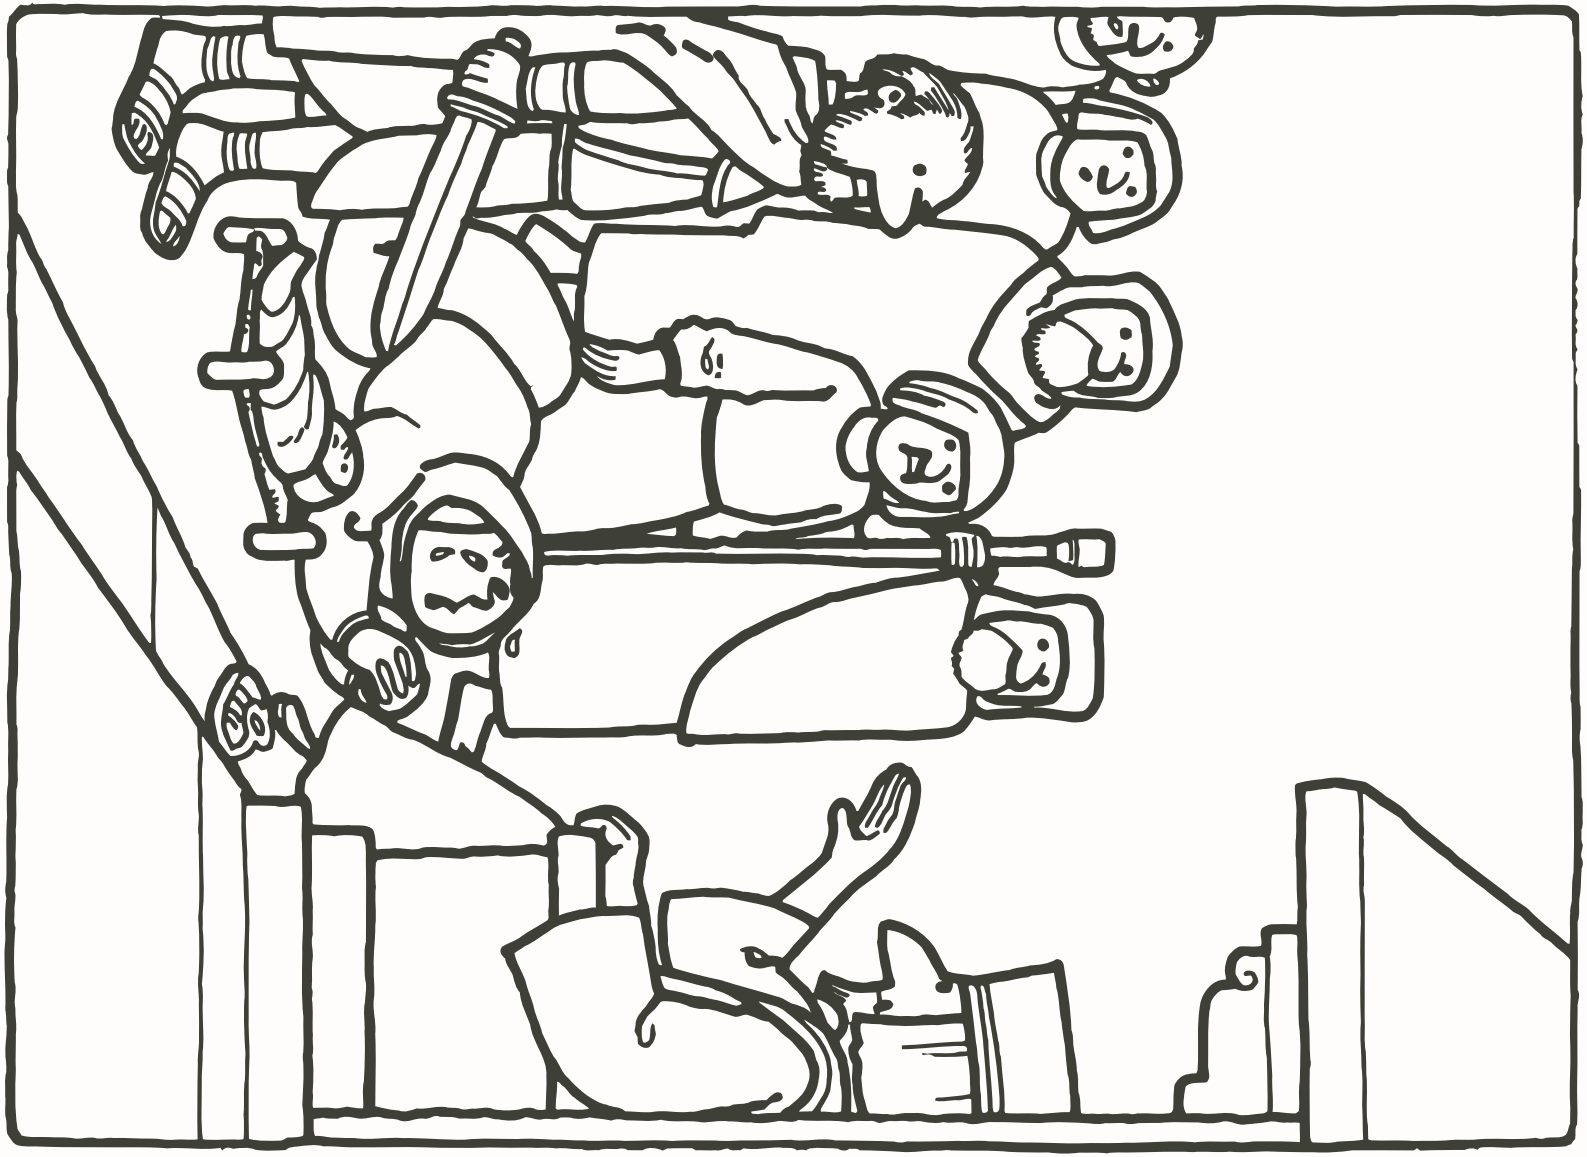
Place Here...

The first woman said, "she got up during the night while I was sleeping and took my baby, putting hers in his place". "No!" said the other woman, "This baby is mine; that dead one was yours!".

Place Here...



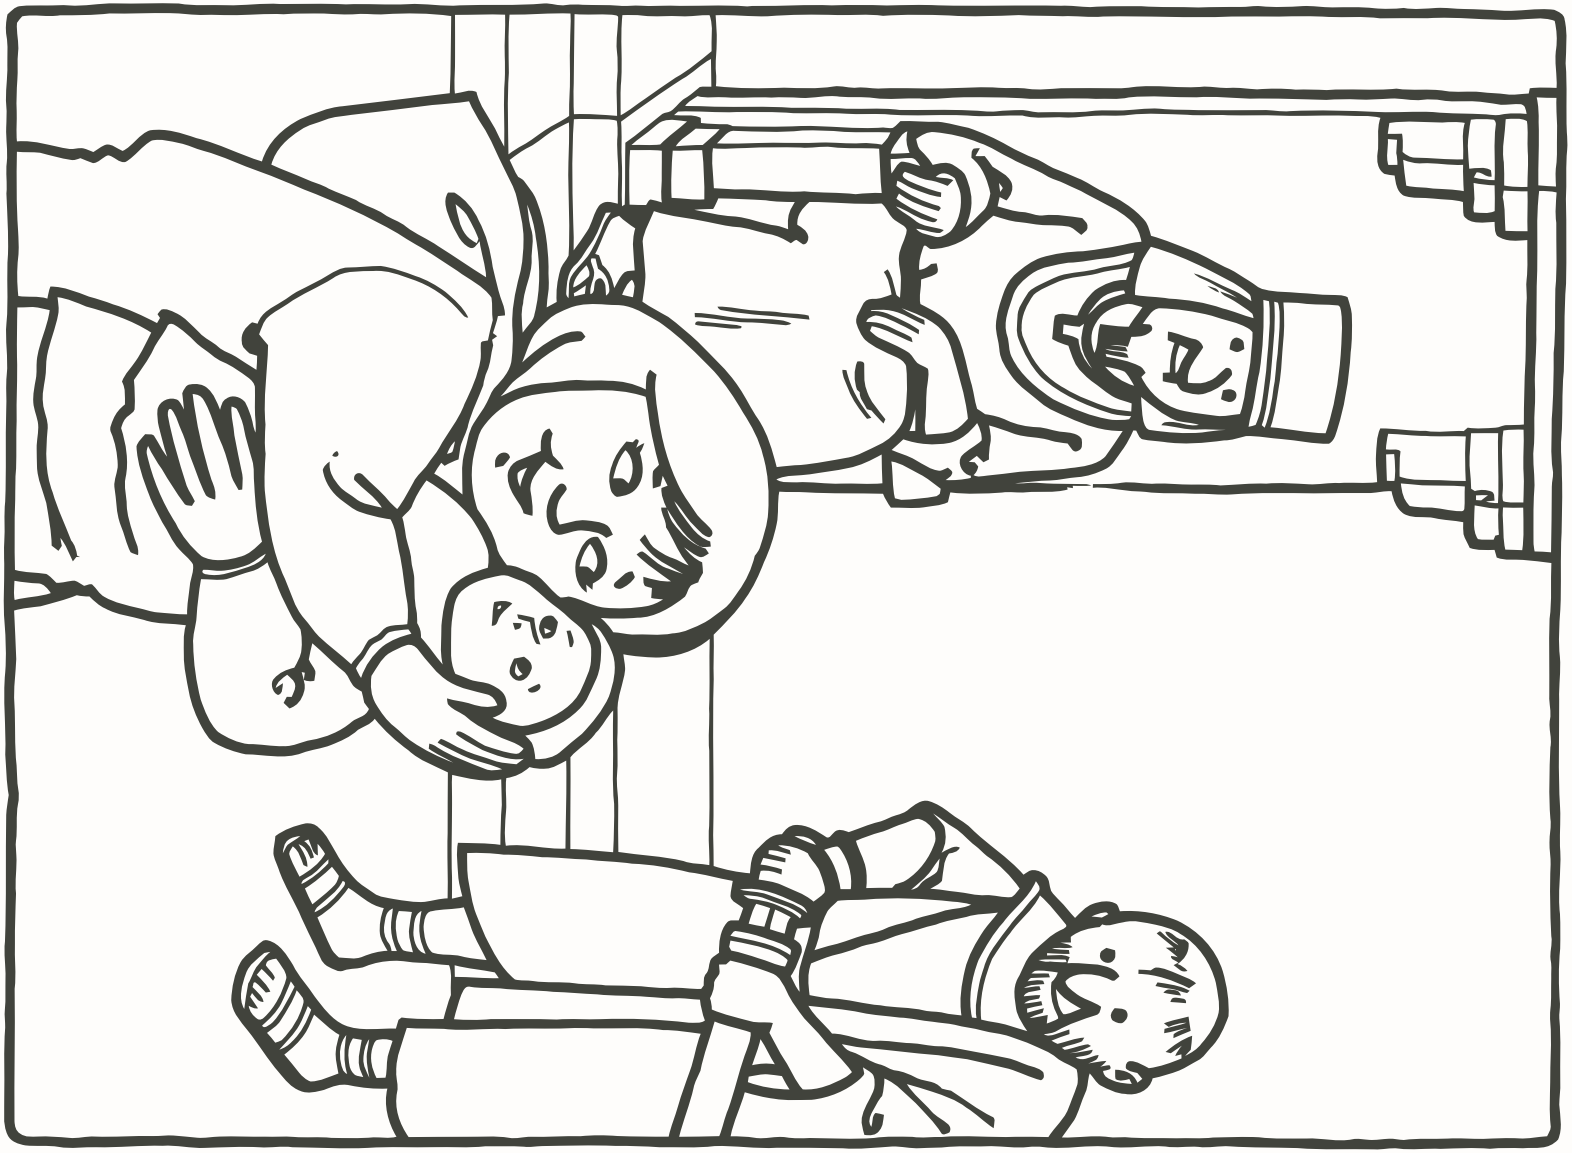
"Stop!" ordered the king. Then he ordered a soldier to cut the baby in two and give half to each woman.



Place Here...

The real mother threw herself at the king's feet.
"No! Please don't kill him! She can have him..."

Place Here...



"Stop!" said the king. "Don't kill the baby. Give it to this woman because she is the real mother".
