3. Colour your picture

4. Now do this to the rest of the pictures in the story

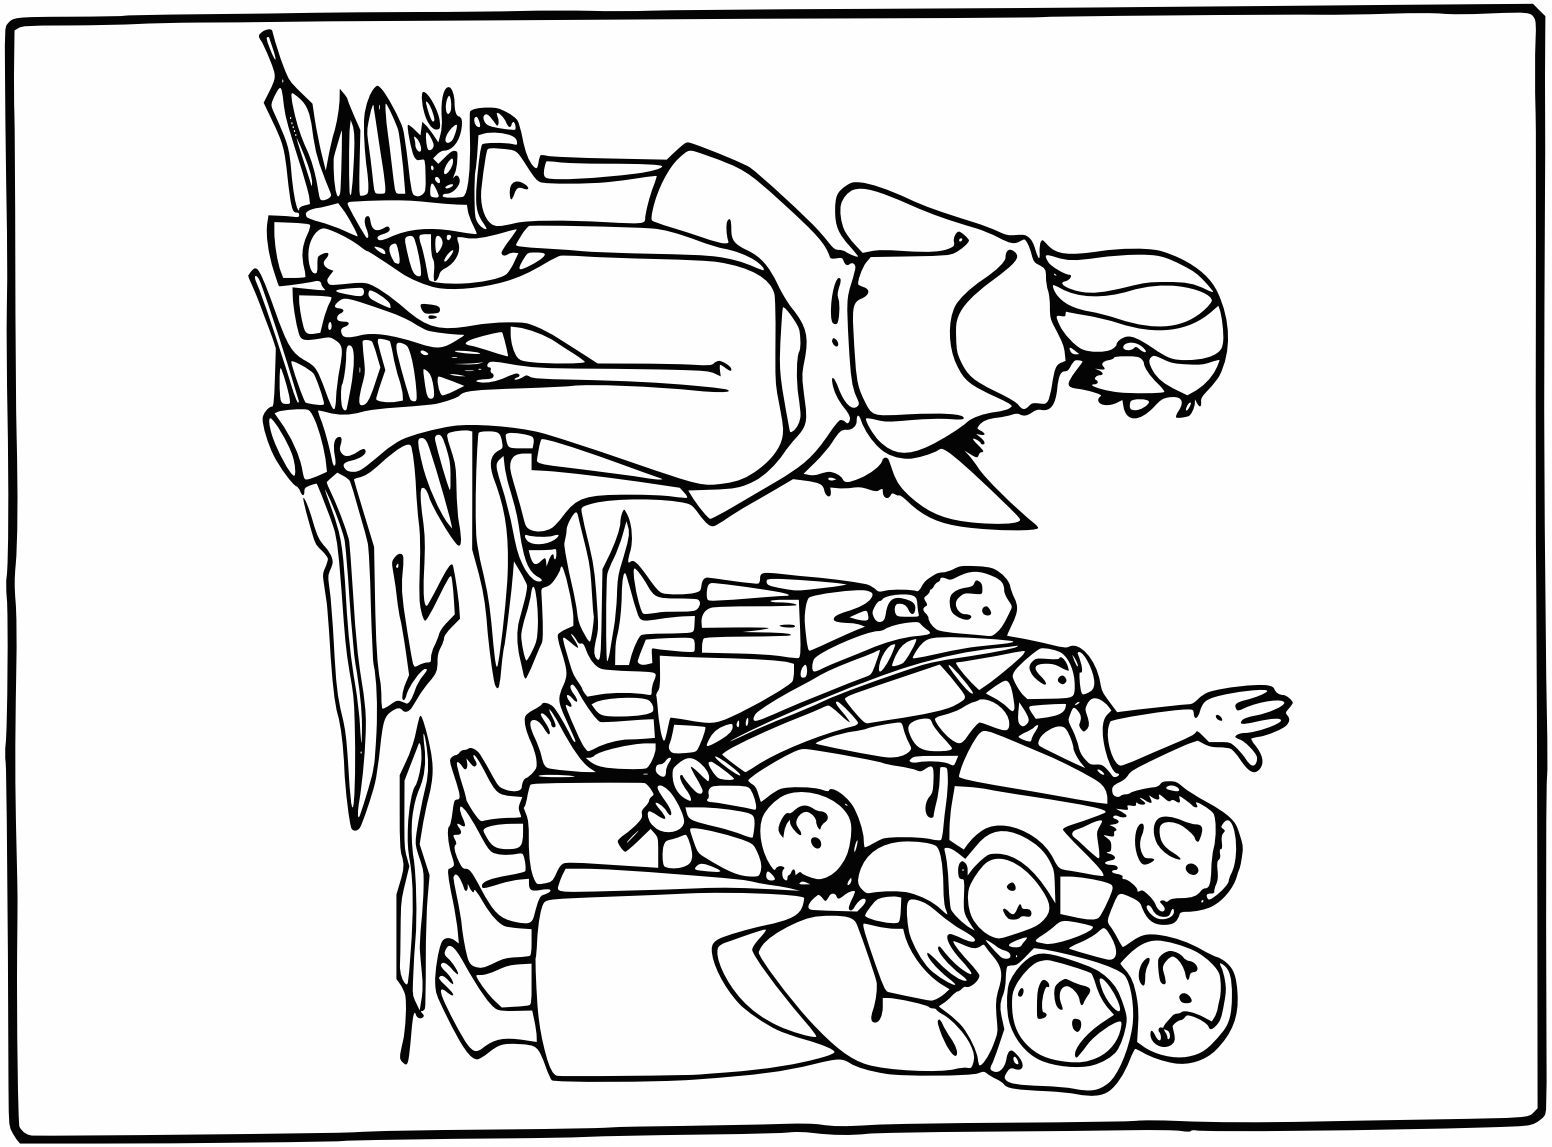
6. Fold the pictures up from the bottom, using the Sellotape hinges one on top of the next until front cover is the only picture on show.

7. Hold up your strip by the top cover and let go of the pictures behind, keeping hold of the top cover. The pictures should tumble down showing a great colour story!

TUMBLEDOWN

Place Here...

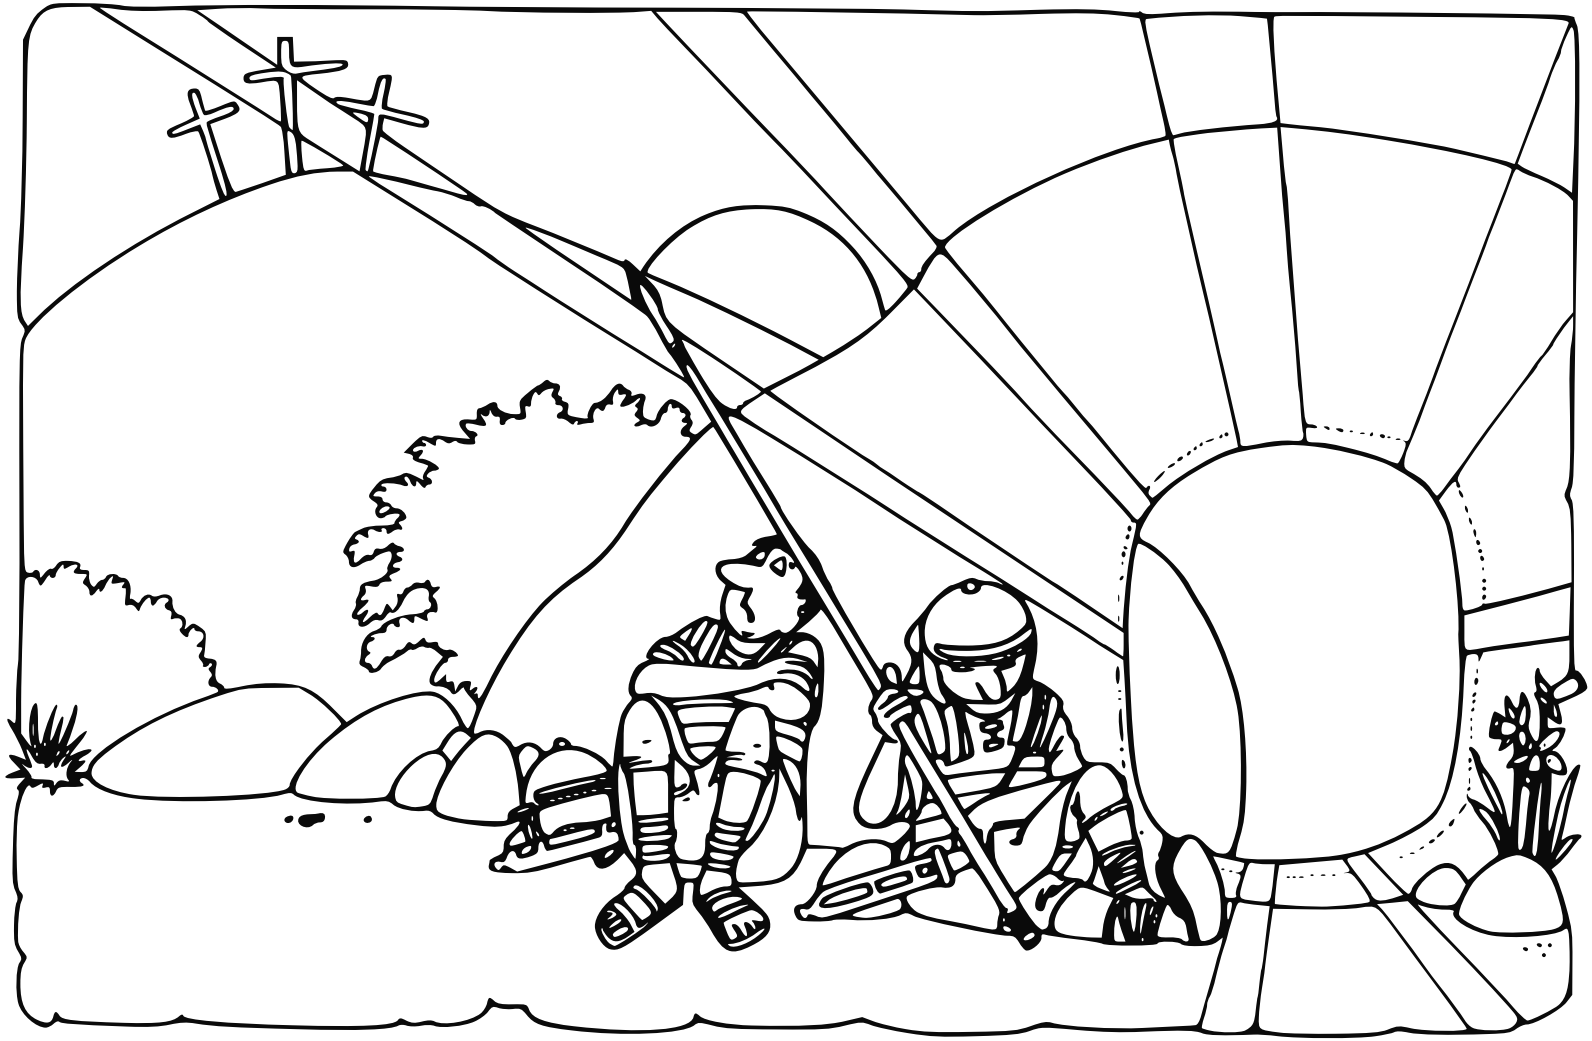


Jesus rode into Jerusalem on a donkey and lots of people cheered Him as King. They laid down their cloaks and robes for Him to ride over, some folk threw Palm tree leaves on the ground for the donkey to walk over. This is why it is called Palm Sunday.

Place Here...

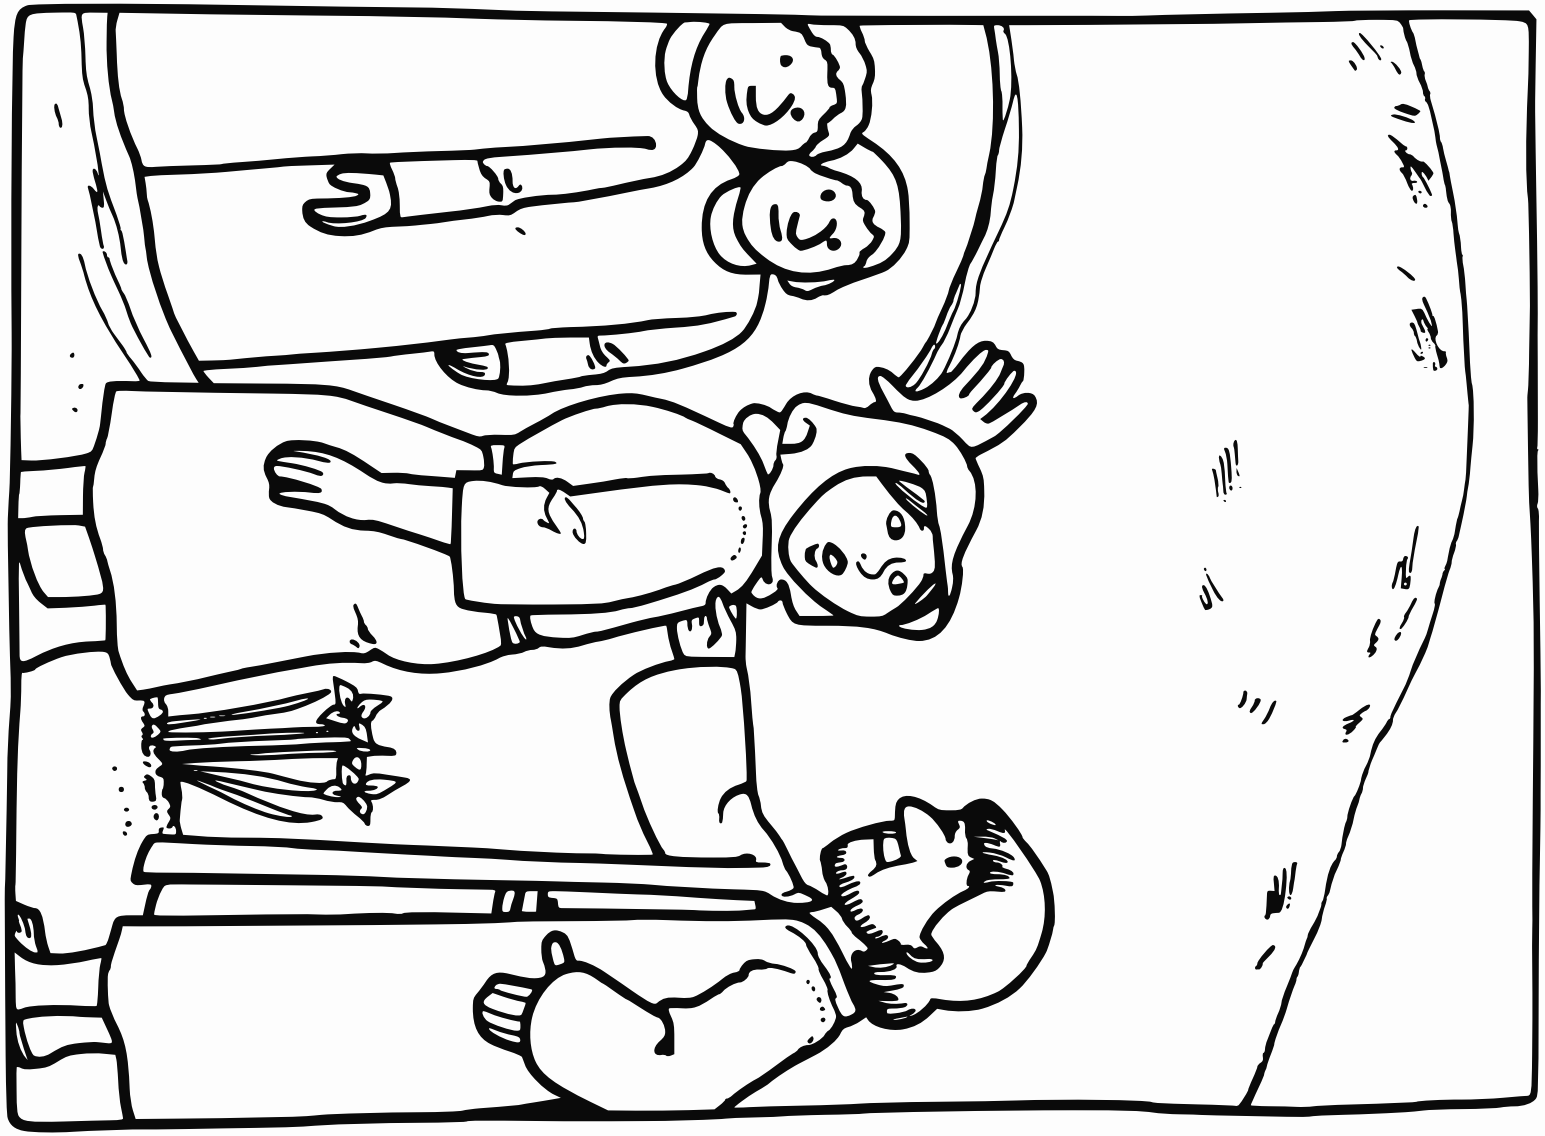
Jesus died on the Cross because He loved us. This is why He is the Saviour of the world. He took the punishment for all our sins and wrong doing. When He died they laid His body in a tomb.

Place Here...



The guards who had been watching the tomb of Jesus had a frightening experience when there was a violent earthquake and an angel came and rolled away the stone that was in front of the tomb. They were so scared they shook and became like dead men.

Place Here...



Mary and her friends were first at the tomb on Resurrection morning they had come to put spices on Jesus body. What a surprise when they found an empty tomb! Later, Mary came back again and stood crying at the tomb. Jesus came to her and spoke to her and how happy she was that He was alive.
